Hi. This is John Persell, candidate for Minnesota House.

I want to bring civility and respect to the State Capitol. In 2013, my colleagues elected me as House Majority Whip. In the leadership role, I helped make 93% of the Bills that were signed into law bi-partisan, supported by both Democrats and Republicans. That's the kind of Government that Minnesotans expect. Let's put an end to partisan bickering and gridlock and get things done for all of Minnesota. Early voting now is open.

Please vote John Persell.

Hi, this is Minnesota House candidate John Persell,

There sure are a lot of attack ads coming out of St Paul lately blaming me for the high cost of health care.

Many of those ads come from Political Action Committees who are afraid of my common sense for the common good solutions in the Legislature. I'll fight hard for affordable health care and against corporate subsidies like the \$500 million the Legislature gave to insurance companies last Session.

Vote John Persell, affordable health care for all, not just the wealthy folks in St. Paul.
